## 7.1.9 Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Colleges play a pivotal role in creating the future destiny of society as well as molding today's. Programmes conducted during the academic year 2021- 22 in SNM College Maliankara portrayed social commitments and relations. The students of our college observed different national and international days to highlight how much they are involved in enhancing their role among public and they always stand for the enrichment of our society. All these endeavors enlightened their physical intellectual and mindfulness activities.

Anti-Narcotic cell, Anti Ragging Cell, Anti Alcoholic Forum, NSS, NSS, Gender Equality Forum etc have organized a number of sensitization programmes in the campus. Seminars in association with Ozone day and Wildlife Conservation, Environment day celebrations etc epitomized the importance of environmental protection. It asserted that our students are capable of involving in the issues associated with environment. The village adoption programmes are aimed to inculcate the social responsibility among the students. The awareness classes like blood donation and Anemia control prevention, Observance of Doctors Day etc focused on how students have to be instrumental in health conditions and it affirmed their duties that they should shower to the society. This indicates the societal blindness of SNM College. The activities of Sree Narayana Study and Research centre are focused to generate values of life among the students. Also various programmes and seminars were organised for the intellectual development.

### Sensitization activities by commemorating National or International Days

Honourable industrial Minister P Rajeev handed over the mission to NSS Program officer Dr. V C Resmi and Sri K D Vipin, NSS secretaries Shahir Mohamed T M and other volunteers . The mission was to give awareness to the people in nearby villages such as Vadakkekara, Chendamangalam, Paravoor, Eloor about the side effects of burning plastic.

- **COVID VACCINATION DUTY AT CHC MOOTHAKUNNAM:** In times of covid pandemic situation SNM college NSS Program officer Dr. V.C. Resmi and NSS volunteer secretary Shahir Mohamed T.M. took up the mission of vaccinating the people to prevent the covid spreading with the help of other volunteers at CHC Moothakunnam. It lasted upto an YEAR. NSS Volunteers faced many challenges such as Unavailability of Transportation, Food etc due to LOCK DOWN in Kerala. But without considering this difficult situation SNM college NSS Volunteers Worked every day from 9am to 4pm some days it extended to 7pm.NSS Volunteers also worked even on Sundays and other holidays for Data Entry works. Our NSS Volunteers worked a lot to reduce this pandemic situation without considering their health and Life.
- Our NSS Volunteers also took part in daily data entry of covid test and also connected with covid patients through phone for knowing their current situation and details.

- **ROAD SAFETY AWARENESS:** SNM College NSS unit No:47 conducted Road Safety awareness programme. College Principal Dr. T H Jitha inaugurated the function, Dr. U R Krishnakumar head of commerce department Sri.Ajeesh P A self-department teacher, NSS programme officers Dr. V C Resmi and Sri. K D Vipin attended the ceremony by following the covid guidelines completely notices containing road rules were made and distributed in the supervision of NSS volunteer secretaries Shahir Mohamed T M and Lidhiya Krishna M D and volunteers made aware of many passengers and drivers who violated the law.

**As part of village adoption programme**, to equip and familiarize the students and faculties with the socio-economic dimensions of the rural community and to make the students more socially responsible, a number of activities were conducted in the adopted village by the students and teachers of the college during the academic year 2021-22.

**Distributed of medical diagnostic kits** to the ward members of the adopted ward 1 and ward 2 by the department of mathematics and statistics which was the joint initiative of the teachers and students of the aforementioned department. Each diagnostic kit includes a blood pressure monitor, a glucometer, and a digital thermometer. It was a boon to the villagers as they were badly in need of medical assistance for the diagnosis and treatment of COVID 19.

On 10/08/2021 a **webinar** on “Covidinte moonam tharangavum prathirodhavum” by Dr.Amar.S.Fettle, Nodal officer , State Covid Cell was conducted **for the members of kudumbashree units** of the adopted wards which helped to create awareness among the villagers and to avoid panic situation.

On 18/08/2021 as part of the social responsibility and welfare initiative, the staff club members of the college provided **financial aid** to 50 covid patients of adopted wards which was a timely help as the covid pandemic had left them in financial crisis.

Energy conservation club- students chapter and Department of Physics jointly organized a **webinar on the topic “KSEB Soura Project”** on 1<sup>st</sup> September 2021. Mr. Shafeek A. (Assistant Engineer, KSEBL, Palakkad) was the keynote speaker. Main objective of this webinar is to create energy conservation awareness in the villagers. Recent trends in solar energy conservation were discussed in the webinar. In this webinar around 70 people from the adopted village have been participated.

The department of Botany planted sapling of mangroves in December with the aim of **conservation of the mangroves** which turned out to be great environmental protection initiative at Sathar Island, as part of the village adoption programme. A field trip was conducted on 18<sup>th</sup> December, 2021. This programme was started in 2016 and since then, every year we have been visiting this area with our students to plant new saplings of mangroves. As the survival rate of new saplings are depending upon the prevailing conditions, we used to plant it every year. Many plants have attained a height of 4 ft.

Bio-fencing with mangrove plants is practiced by Sri. Francis, who is a fisherman of this locality. He has conserved many mangrove plants and apart from that, he has implemented the bio-fencing with mangroves, for the first time.

The department of English provided video lessons on “English in daily life” during December for the kudumbasree members and their children as they have difficulty to learn English. The programme aimed to develop language skills among Kudumbasree members and their children

from various units of the adopted village. The programme was organised during the month of December 2021. Ten students of BAEnglish Course were selected based on their language proficiency and mobile knowledge. With the help of Technology, the students prepared video lessons on different types of nouns really helpful for them.

The department of Chemistry conducted **soap making workshop for the kudumbashree** units in January 2022 . The aim was to give training on how to make Soap using Natural coconut oil, water, caustic soda, colours and fragrances. The members who participated in the programme actively participated in the process of soap making. Soap making was a successful event and soaps were useful to cleanse hands during the time of pandemic.

As part of the Village Adoption Programme 2021-22 Department of Economics initiated **vegetable seed distribution** on 14 February 2022 among the Kudumbasree units of Vadakkekara Panchayat. Department started its village adoption programme in the academic year 2019-2020. Three Ayalkoottams in the Panchayat were selected namely Anugraha, Aiswarya and Bhagyalakshmi, which consists of 47 houses. On 23rd December 2019 the staff and students distributed vegetable saplings to these houses. In this academic year 2021-22, the staff and students of the Department of Economics visited the Ayalkoottams to take a follow up on the vegetable cultivation of the women in the nearby houses of SNM College, Maliankara. With the guidance of teachers, students conducted a survey among the villagers. They made an enquiry about different types of farming and the methods they adopted. They also studied how far vegetable farming helped them to meet their food requirements during the covid period. They examined the current farming status of the ward I of the Vadakkekara Panchayat. As the first phase of the programme was found to be a success the Department of Economics, SNM College Maliankara in association with Krishi Bhavan in Vadakkekara Panchayat conducted a seed distribution programme to promote farming in households and to make them self sufficient.

On 02/03/2022 , the commerce department conducted a seminar on “Investment awareness about post office savings’ for the kudumbashree members to encourage them to make small investments for their future.

The department of Zoology **distributed N95 masks** to the members of wards 1 and 2 respectively to ensure the safety and good health of the villagers which was the need of the hour.

The department of Malayalam gave a class on “Thettillatha malayalam then malayalam” during the month of April. This class has great importance because Malayalam has attained the status of mandatory official language in Kerala. Moreover it is important to use mother tongue without mistakes.
