4. **Date**: 25-7-2022 to 17-8-2022
5. **Number of participants**: 33
6. **Venue**: Botany Department portico
7. **Resource Person/s**: Nil
8. **Objective of the Program**: To create awareness about the importance of Dhashapusham.
9. **Detailed description of the event**: Dasapushpam constitutes a group of ten potential herbs which are culturally and medicinally significant to the people of Kerala. These plants are therapeutically very active for various diseases and ailments. Many of them are traditionally used from time immemorial.

In connection with Karkkidaka Malayalam month (July-August), a ten-day awareness exhibition about Dhashapusham was conducted from 25-7-2022 to 17-8-2022 in the department portico. The exhibition was organized by the Botany association under the active participation of third BSc students. The twig of each of the 10 plants was displayed along with details of a common name, scientific name, family, medicinal importance etc.
10. **Outcome of the event/Evaluation by Program Coordinator**: It was a grand exhibition for making awareness about the importance of Dhashapusham. Teachers and students from various departments daily visited and observed the displayed plants and read about its characteristics. All the students from the third Bsc Botany actively participated and clearly explained each plant for the viewers.
