

S.N.M COLLEGE MALIANKARA

(Affiliated to Mahatma Gandhi University, Kottayam)

1. **Title of the program** : Awareness class on “**Environment protection**”

2. **Name of the Coordinator/s** : Dr. Neelima C A

3. **Organizing Department/Cell** : Department of Mathematics

4. **Date** : 3rd March 2023

5. **Number of participants**: 47

6. **Venue**: SNMLP School, Maliankara

7. **Resource Person/s** : 3rd-year B.Sc Mathematics students

8. **Objective of the Program** :

To educate the students about the importance of environmental protection and raise awareness about various related topics

9. **Detailed description of the event**:

An awareness class on environment protection was organized for the students of SNMLP School Maliankara on 3rd March 2023 at 2 PM. The class was conducted by a group of 3rd-year B.Sc Mathematics students, namely Ashapriya P A, Nikhisha M N, Aryananda T S, Aleena P A, and Sandra Santhosh, under their leadership.

The session covered a wide range of subjects, including the significance of reducing plastic production, proper disposal of plastic, waste segregation, water pollution, water conservation, drought prevention, protection of plants and trees, ensuring future survival, and maintaining cleanliness in school and home surroundings.

The students delivered the content in an interactive manner, using chart paper, baskets made from waste plastic pens, and flowers made from plastic covers to engage the children. Through singing, playing games, and dancing, they created an enjoyable and interactive learning environment. The children actively participated in the class, showing great interest in the topics discussed .

10. **Outcome of the event/Evaluation by Program Coordinator**:

The outcome of the awareness class was a heightened understanding and appreciation for environmental protection among the students. They gained valuable knowledge about the consequences of plastic production and improper disposal, the importance of waste segregation, the impact of water pollution, and the significance of water conservation and maintaining a clean environment. The class also emphasized the importance of preserving plants and trees for the

future and instilled a sense of responsibility in the students to contribute to a sustainable future. The interaction and bonding between the students and the teachers conducting the class were heartwarming.

Overall, the awareness class on environment protection for the students of SNMLP School was a successful initiative. The interactive and engaging teaching methods employed by the B.Sc Mathematics students created a lively learning atmosphere and ensured that the students actively absorbed the information. By instilling a sense of responsibility and inspiring actions towards environmental protection, the class contributed to fostering a generation of environmentally conscious individuals
