INTERNSHIP PROGRAMME

About Invisor Consulting Services:

Invisor is a business services & solutions company established in 2013 for delivering a broad array of corporate and shared services consulting from strategic planning through implementation across various industries, business units and functioning to help build and grow small and medium size businesses. The main goal of invisor is to provide small and mid market companies a superior alternative to building and maintaining an in house finance function. Invisor Group helps clients in diverse industries to improve their performance, address complex finance requirements, scale finance operations more efficiently, reduce costs, recover from distress, leverage technology and stimulate growth to allow for greater investment in driving and supporting top line growth.

Description of the programme: To build an up skilled workforce in society, S.N.M College, Maliankara has signed a Memorandum of Understanding (MoU) with Invisor Consulting Services Limited at Infopark, Kochi. To make the MoU functional, 55 students from the Department of Commerce (Self Financing) of the college participated in a two day online internship programme conducted by Invisor Consulting Services Limited at Infopark, Kochi on the topic “Accounts Payable Management – Level 1” during the academic year 2022 – 2023.

Account payables management involves tasks such as seeking trade credit lines, acquiring favorable terms of purchase and managing the timing and flow of purchases. It is an essential tool for the proper functioning of the business entity and is one of the most important business processes that help in managing payable obligations of the entity in the most effective manner. It helps clients pay their vendors within a reasonable time frame to maintain their trust and confidence. In the two day internship programme, the students were explained about the objective, purpose, benefits and the detailed process of accounts payable management. There were also lectures related to purchase order, components of purchase order, receiving report, vendor invoice, automated accounting management process etc.

Programme outcome: On the successful completion of the internship programme, the student was able to manage accounts receivable and accounts payable, manage purchase and sales orders, manage cost and profit centers, track costs of purchase, create and maintain budgets and so on. Students were given assignments related to specific topics and certificates were issued to each student on successful submission of the assignment. Participants evaluated the programme as an informative and effective learning experience.
