8. Objective of the Program: To create awareness of environment among students.

9. Detailed description of the event:

The Environment is our basic life support system and is composed of living beings, physical surroundings, and climatic conditions. It is derived from a *French* word, "Environner", which means "to surround". The term environment includes all biotic and abiotic entities around us. Biotic refers to the world of living organisms, whereas Abiotic refers to the world of non-living elements. The Environment provides us with the essential elements – air, water, food, and land which are essential for life to flourish on the Earth. On Environment day Malayalam Department organised poem recitation competition for the students of SNM College Maliankara. 7 students were participated. At the end of the program Gadha V.R Student convenor of malayanma delivered the vote of thanks. Cash prizes are issued to winners.

10. Outcome of the event/Evaluation by Program Coordinator: Program was very effective in build awareness of environment among students. Ragi Sekharan K explained about the importance of environment, , how maintain our environment to future. Also, students were asked their doubts at the end of the program. Cash prizes are issued to winners and they evaluated the program as very informative and effective.
