- 2. Name of the Coordinator :** Smt. Preena N
- 3. Organizing Department :** Chemistry department
- 4. Date :** 02/11/2017
- 5. Number of participants:** 33
- 6. Venue:** seminar hall
- 7. Resource Person :** Dr. P.Anandapadmanabhan, Associate Professor of Maharaja's college, Ernakulam.
- 8. Objective of the Program :**

Mole Day is celebrated annually on October 23 from 6:02 a.m. to 6:02 p.m. Mole Day commemorates Avogadro's Number (6.02×10^{23}), which is a basic measuring unit in chemistry. Mole Day was created as a way to foster interest in chemistry. Schools throughout the United States and around the world celebrate Mole Day with various activities related to chemistry and/or moles.
- 9. Detailed description of the event:**

Our students celebrated 'Mole Day' with different activities on 23rd October. As a part of Mole day, the Department of Chemistry arranged a seminar on 2nd November 2017 and the talk was rendered by Dr. P.Anandapadmanabhan, Associate Professor of Maharaja's college, Ernakulam.

10. Outcome of the event :

The Seminar was very effective in understanding mole concepts. Students were asked their doubts at the end of the seminar. Resource person explained about the mole concept and it can be used to determine the simplest formula of a compound and to calculate the quantities involved in chemical reactions. When dealing with reactions that take place in solutions, the related concept of molarity is useful. Students were asked their doubts at the end of the webinar. Students evaluated the seminar as very informative and effective.
