

S.N.M COLLEGE MALIANKARA

(Affiliated to Mahatma Gandhi University, Kottayam)

- 1. Title of the program :** Seminar on solid waste management and disposal of plastic
- 2. Name of the Coordinator :** Smt. Preena N
- 3. Organizing Department :** Chemistry department
- 4. Date :** December 8th 2017.
- 5. Number of participants:** 33
- 6. Venue:** seminar hall
- 7. Resource Person :** Sri.P.P. Thankachan, Managing Editor of Sasthragathi and a member of Sasthra Sahithya Parishath
- 8. Objective of the Program :** To create an idea about solid waste disposal. Exposure to this hazardous waste can affect one's health and could cause long-term diseases. This process includes collection, transportation, treatment, analysis and disposal of waste. Proper solid waste management also protects citizens from biohazards and physical harm, nurtures community health, promotes sanitation, and provides opportunities to earn from recycling
- 9. Detailed description of the event:** Awareness class on solid waste management and disposal of plastic” was arranged on December 8th 2017. Sri.P.P. Thankachan, Managing Editor of Sasthragathi and a member of Sasthra Sahithya Parishath. The resource person explained different methods for waste management in residences and effective disposal of plastics. Department of Chemistry is extending this awareness programme to the society.

10. Outcome of the event: The Seminar was very effective in understanding Solid waste management. Students evaluated the seminar as very informative and effective. Solid waste can be domestic, agricultural or even industrial wastes. Students were asked their doubts at the end of the seminar .
