6. Venue: SNM College Seminar Hall

7. Resource Person/s: Prof. Dr. S. Suresh Kumar

8. Objective of the `Program: To provide awareness on the aquatic ecosystem and its restoration measures to preserve aquatic species

Detailed description of the event:

Inaugural Session and Keynote Address

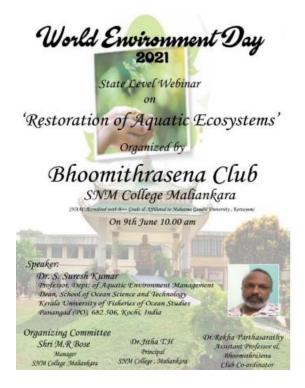

On behalf of World Environment Day the Bhoomithrasena Club of SNM College Maliankara has conducted a State level webinar on 'Aquatic Ecosystem Restoration' on 9 th june 2021 at 10 am. The programme started at 10.am on 9th june 2021 with a silent prayer, the function was inaugurated by our college manager Shri M.R Bose, Presidential Address by Dr. Jitha T.H Principal of our College, and an informative talk was given by Dr. S. Suresh Kumar on the topic 'Aquatic Ecosystem Restoration'. With this big and challenging picture, the World Environment Day is focus in the ecosystem restoration and its theme is "Reimagine. Recreate.Restore."

Ecosystem restoration means preventing, halting and reversing this damage – to go from exploiting nature to healing it. This World Environment Day will kick off the UN Decade on Ecosystem Restoration (2021-2030), a global mission to revive billions of hectares, from forests to farmlands, from the top of mountains to the depth of the sea. Only with healthy ecosystems can we enhance people's livelihoods, counteract climate change and stop the collapse of biodiversity. There was an interactive session between Dr. Suresh sir and Dr. Jayaraj K.A (Asst. Prof University of Pondicherry). Almost 65 students participated in the programme. The Programme ended with vote of thanks given by Dr. Babitha .K Assistant Prof., Department of Hindi.

10. Outcome of the event/Evaluation by Program Coordinator:

Only with healthy ecosystems can we enhance people's livelihoods, counteract climate change and stop the collapse of biodiversity.
