DST - FIST supported Research Department of Chemistry, SNM College Maliankara is celebrating National Science Day - 2019 on 27th February. The event is supported by Kerala State Council for Science Technology & Environment (KSCSTE) & DST, Govt. of India.

National Science Day is celebrated all over India with great enthusiasm on 28th of February every year in order to commemorate the invention of the Raman Effect by the Indian Physicist, Nobel Laureate Chandrasekhara Venkata Raman. The Main objectives of celebrating this National Science Day is to bring awareness to people about the importance of scientific applications in our daily life and to encourage them by popularizing the Science and Technology. It allows the Scientists and experts from the field to discuss issues and new technologies trending in the field. Also, the celebration is aimed at giving an opportunity for a younger generation to display their activities, efforts and achievements in the field of Science for Human Welfare.

This year the focal theme of the day is " COMMUNICATING SCIENCE FOR ALL". In order to spread awareness on the topic a seminar will be conducted on "POLYMERS FOR BETTER HEALTH".

With immense pleasure we welcome everyone to this programme and make it a grand success.
