

S.N.M COLLEGE MALIANKARA

(Affiliated to Mahatma Gandhi University, Kottayam)

1.Title of the program : Chemistry Association Inauguration a seminar on “PERIODIC TABLE-150 GLORIOUS YEARS”

2. Name of the Coordinator : Smt. Anusree K U

3. Organizing Department : Chemistry Department

4. Date : 12/02/2019

5. Number of participants: 65

6. Venue: seminar hall

7. Resource Person : Dr.Sreenivasan P V, Rtd. HOD, UC College Aluva

8. Objective of the Program : The main Objective of this seminar is students will learn how the chemical elements are arranged on the Periodic Table.. Periodic table is an important tool for chemists, nanotechnologists and other scientists. If students get to understand the periodic table, and learn to use it, they will be able to predict how chemicals will behave and facilitating the discovery of new elements

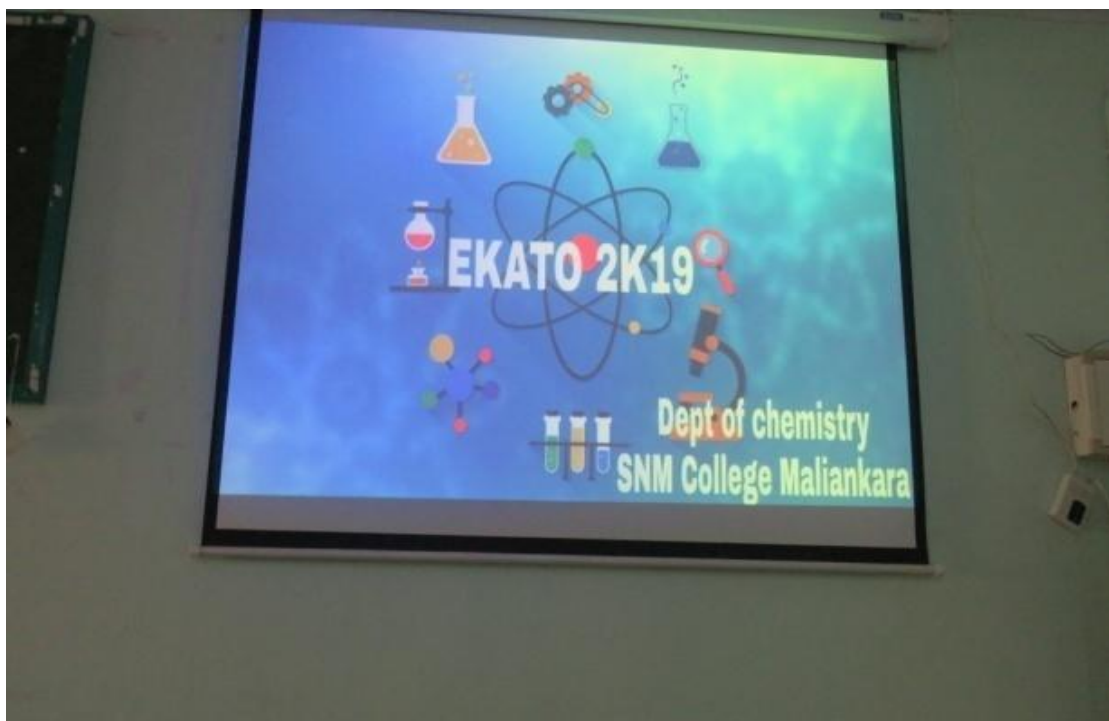

9. Detailed description of the event: Activities of the Chemistry Association for the academic year 2018-2019 started with a formal inauguration on 12/02/2019. It was organised by a team of students and teachers led by the Staff Convenor Ms.Anusree KU, Student Secretary Apsara V.H

and HoD Dr.M.G.Bhuvaneswary. The formal inauguration was done by Dr. Sreenivasan P V, Rtd. HOD, UC College Aluva. After the inaugural meeting there was a seminar on “PERIODIC TABLE-150 GLORIOUS YEARS” The seminar was handled by our Chief Guest Dr.Sreenivasan P V, The afternoon session was enriched with the cultural activities of our students.We appreciate Ms.Devika T N who bagged 8th rank in M.G. University MSc chemistry examination 2018.

10. Outcome of the event/Evaluation by Program Coordinator: The Seminar was very effective to understand Periodic table was found out by a Russian Chemist Dmitri Mendeleev that when the elements are arranged in order of their increasing atomic weights, elements with similar properties are repeated after certain regular intervals. The elements of the table exhibit periodicity which gave it the name Periodic .After the session, Students will be able to arrange the elements on the Periodic Table. Students will learn about some of the important chemical and physical properties of the elements.

S. N. M COLLEGE, MALIANKARA

DEPARTMENT OF CHEMISTRY

INTERNATIONAL YEAR OF PERIODIC TABLE (IYPT- 2019)

Dear All,

As a part of IYPT-2019 celebrations, Department of Chemistry is organizing a Seminar on "PERIODIC TABLE-150 GLORIOUS YEARS" by Dr. Sreenivasan P. V (Rtd. HoD, Department of Chemistry, UC College, Aluva) on Tuesday, 12th February 2019. On this occasion we are congratulating Ms. Devika T. N., who bagged 8th rank in University examination 2018. All are cordially invited to make it a grant success.

With regards,

Smt. Anusree K U
Association Convener

Dr. M. G. Bhuvaneshwary
HoD of Chemistry

Programme

Venue & Time: Seminar Hall, 10:30 am

Prayer : Sreelakshmi
