## ORIENTATION PROGRAMME

**Introduction:** PVT Merit Bio Labs, Ernakulam is a pioneer institution for research and training with a blend of Biotechnology, Microbiology, Biochemistry, Physical Sciences and Life Sciences that encourage innovative ideas. It was started in 2014 with a vision to be pioneer in testing, training, consultancy and research and development services. Department of Physics, S.N.M College, Maliankara signed an MoU with PVT Merit Bio Labs, Ernakulam to provide projects works and internship programmes in Physical Sciences for undergraduate and post graduate students of Physics.

**Objective of the programme:** To provide learning and education opportunities for students to learn relevant skills and Biolabs in project based learning and to enhance their future career prospects.

**Description of the programme:** Department of Physics, S.N.M college, Maliankara and PVT Merit Bio Labs, Ernakulam jointly organised an orientation programme for undergraduate and post graduate students of Physics on 14<sup>h</sup> September 2023. The session is intended to make students aware of learning and education opportunities in Physical Sciences and to prepare them for their future career. Professionals from PVT Merit Bio Labs talked about student academic projects and internship programmes that they offer in Physical Sciences for which applications are invited every year from students for doing research projects in Physical Sciences guided by experienced professional and scientific experts. The orientation programme was followed by an interactive session, answering the queries from the student community.

**Outcome of the programme:** The orientation programme was successful in creating awareness among students about the learning and job opportunities in the field of Physical Sciences and also about the importance of successful completion of a project work or internship programme with PVT Merit Biolabs. Both undergraduate and post graduate students of Physics attended the programme. Nearly 24 students were benefitted by the programme.
