2. Name of the Coordinator/s : MRS.RAGI SEKHARAN K

3. Organizing Department/Cell: MALAYALAM DEPARTMENT

4. Date :2023 JUNE 5

5. Number of participants: 10

6. Venue: OB 5

7. Resource Person/s: NIL

8. Objective of the Programme: TO DEVELOP SOFT SKILL - POETRY WRITING

9. Detailed description of the event: Malayalam department conducting a poetry writing competition. This competition was organized on the theme “Bhoomipacha” on the occasion of world environment day. In this poetry writing competition (subject - bhoomipacha), Hridhya p.s., a second year post graduate student in the department of physics, Sterin stanley , a second year postgraduate student in the malayalam department, won the first position and the second position .Prize distribution was held on 08/06/2023.

10. Outcome of the event/Evaluation by Program Coordinator: A poetry competition for student is just the right way for student to develop their abilities in creative writing, critical thinking, and public speaking. Students have the opportunity to showcase their talent and network with other students and aspiring poets when they participate in poetry competitions. Eco-poetry and environmental writing are writings that are both about the earth (nature, animals, and/or the relationship between the natural world and the human-built environment), and have a strong environmentalist/ecological message or quality. The theme of environmental awareness is brought out the poem as the poet chooses to show the greatness of a tree planter instead of just talking about trees and its usefulness. To conclude, being environmentally aware is essential. We must ensure not to pollute our precious nature and exploit natural resources
