4. Date: 06.06.2023

5. Number of participants: 50

6. Venue: Seminar Hall SNM College Maliankara

7. Resource Person/s: Nil

8. Objective of the Program: The program was designed with the following key objectives in mind: Promotion of Environmental Awareness through Plant Sapling Distribution: The program sought to enhance environmental consciousness by distributing plant saplings to the residents of Wards 1 and 2. The objective was to encourage active involvement of society in environmental conservation and to highlight the importance of each individual's role in protecting our surroundings.

9. Detailed description of the event:

As a part of village adoption programme, we organized a program to spread awareness about protecting our environment. We gave plant saplings to members of the wards 1 and 2 of Vadakkekara Panchayath, encouraging them to share the message of environmental care. Around 50 students and teachers joined the programme. The event started with a prayer led by second-year students, creating a positive atmosphere. Dr. Rekha Parthasarathy, the Head of the Zoology department (in charge), welcomed everyone, stressing the need to protect our environment. Dr. Jitha T.H, the College Principal, shared thoughts on our collective responsibility to care for our surroundings.

10. Outcome of the event/Evaluation by Program Coordinator: Increased Environmental Awareness.
