

S.N.M COLLEGE MALIANKARA

(Affiliated to Mahatma Gandhi University, Kottayam)

1. Title of the programme: Talk on “Chandrayan Mission”

2. Name of the Coordinator : Dr. Lakshmi S Bose

3. Organizing Department/Cell: Department of Physics

4. Date : 19th July 2023

5. Number of participants: 58

6. Venue: Seminar Hall

7. Resource Person: Dr. Shaji N, Adjunct Faculty, CUSAT (Retd. Principal T M Jacob Memorial Government College, Ernakulam)

8. Objective of the Programme :

1. To brief to the students about the capabilities of Chandrayan 3 science payloads launched on 14th July 2023 – ISRO’s third moon mission
2. To inculcate interest in space exploration among students

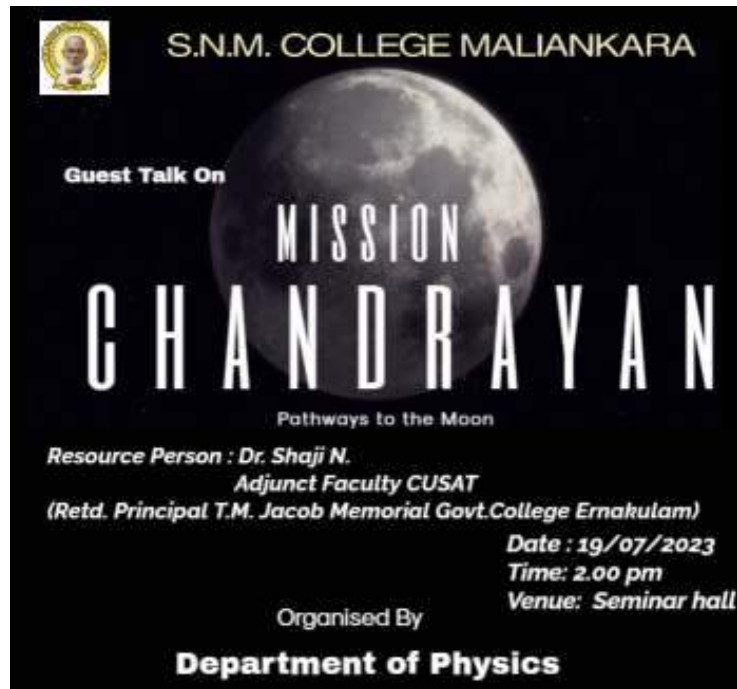

9. Detailed description of the event:

The talk on “Chandrayan Mission” was held at S.N.M college seminar hall on 19th July 2023 at 2:00 pm. The resource person was Dr. Shaji N, Adjunct Faculty, CUSAT (Retd. Principal T M Jacob Memorial Government College, Ernakulam). On the occasion, Dr. Neena P, Assistant Professor & Head, Department of Physics extended the welcome note. Followed by the welcome address, the resource person gave a very detailed and informative talk on the topic “Chandrayan Mission”. In the talk he discussed about ISRO’s lunar missions like Chandrayan 1 and Chandrayan 2 with specific importance to Chandrayan 3 – India’s latest mission to moon launched on 14th July 2023. The speaker briefed about the objectives, focus areas and configuration of the mission. He detailed about the operation aspects, instrument details, calibration, expected science, data analysis methodology and capabilities of Chandrayan 3 science payloads. Smt. Neha K C, II M.Sc Physics student extended vote of thanks. Nearly 58 students participated in the programme. At the end of the talk, an interactive session was arranged for the students to clear their doubts with speaker.

10. Outcome of the event/Evaluation by Programme Coordinator: The talk helped students to get an overall idea about Chandrayan 3 mission and forthcoming lunar missions of ISRO. The talk inspired students to pursue higher studies and careers in space science and technology. In the interactive session with the speaker, the students came to know about the

possibilities of higher studies and careers in the field of space science and technology. Participants evaluated the talk as an informative and effective learning experience.
