

S.N.M COLLEGE MALIANKARA

(Affiliated to Mahatma Gandhi University, Kottayam)

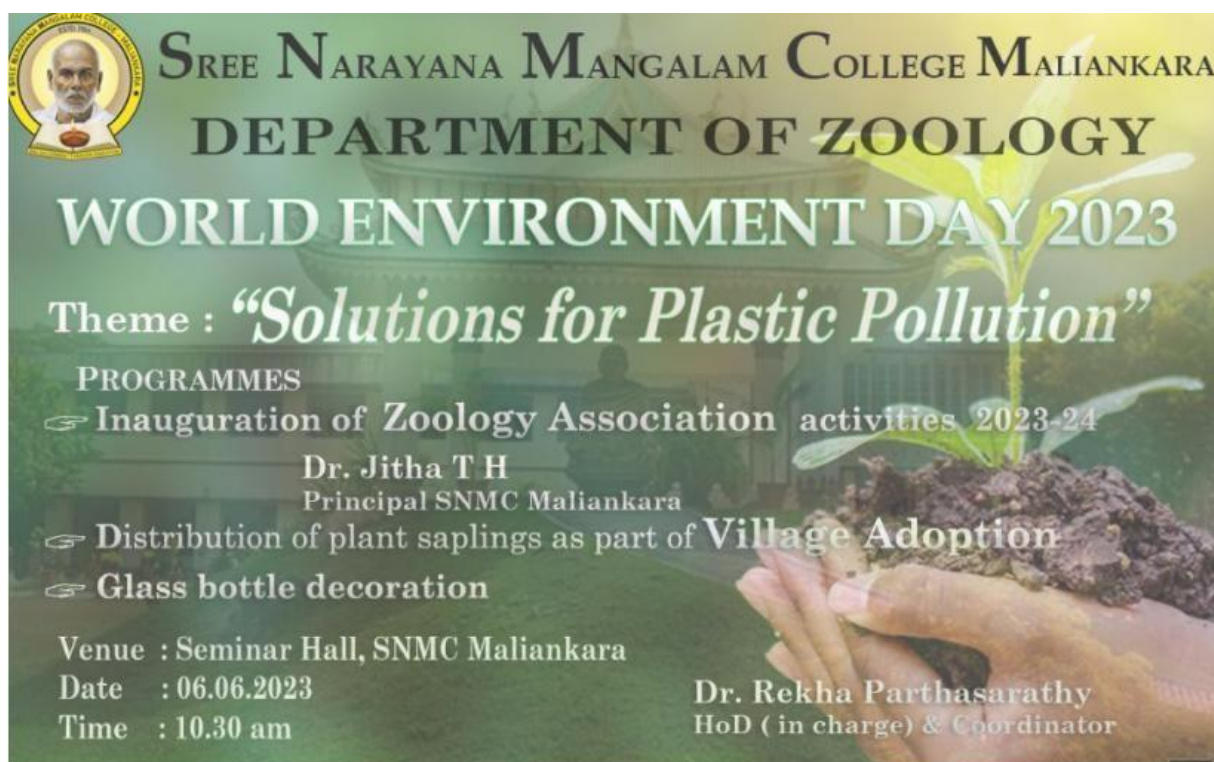

- 1. Title of the program:** World Environment Day 2023: Solutions for plastic pollution
- 2. Name of the Coordinator/s:** Dr. Rekha Parthasarathy
- 3. Organizing Department/Cell:** Department of Zoology
- 4. Date:** 06.06.2023
- 5. Number of participants:** 50
- 6. Venue:** Seminar Hall SNM College Maliankara
- 7. Resource Person/s:** Nil
- 8. Objective of the Program:** The program was designed with the following key objectives in mind: 1. Inauguration of Zoology Association Activities of 2023-2024: This objective focused on fostering a sense of academic and professional engagement within the field of zoology. 2. Promotion of Environmental Awareness through Plant Sapling Distribution: The program sought to enhance environmental consciousness by distributing plant saplings to the residents of Wards 1 and 2. The objective was to encourage active involvement in environmental conservation and to highlight the importance of each individual's role in protecting our surroundings. Encouraging 3. Creative Recycling Practices: Through the art program on waste glass bottles, the program aimed to promote creative recycling practices. This objective sought to inspire participants to view waste as a valuable resource and contribute to waste reduction efforts through artistic expression.
- 9. Detailed description of the event:**

The program marked the official commencement of Zoology Association activities for the academic year 2023-2024. In honor of World Environment Day, we organized a program to spread awareness about protecting our environment. We gave plant saplings to members of the wards 1 and 2 of Vadakkekara Panchayath, encouraging them to share the message of environmental care. Around 50 students and teachers joined the programme. To make the message even more engaging, we had an art program where we turned waste glass bottles into creative pieces. This highlighted the importance of

recycling in a creative way.

The event started with a prayer led by second-year students, creating a positive atmosphere. Dr. Rekha Parthasarathy, the Head of the Zoology department (in charge), welcomed everyone, stressing the need to protect our environment. Dr. Jitha T.H, the College Principal, shared thoughts on our collective responsibility to care for our surroundings.

10. Outcome of the event/Evaluation by Program Coordinator: Increased Environmental Awareness- Through the art program focusing on waste glass bottles, the event effectively communicated the importance of waste recycling and repurposing. The creative approach not only educated but also inspired sustainable practices among the participants.

SREE NARAYANA MANGALAM COLLEGE MALIANKARA
DEPARTMENT OF ZOOLOGY
WORLD ENVIRONMENT DAY 2023
Theme : *“Solutions for Plastic Pollution”*

PROGRAMMES

- Inauguration of Zoology Association activities 2023-24
