	<p>enrichment program, reader's hub- a platform designed to improve the reading, writing, speaking and communication skills of students were organized. A four day international webinar on skill development, "enrich your English program", is conducted to enhance the soft skills and life skills and to develop the personality of students. The Clubs such as NCC, NSS, Bhoomitrasena, Cultural club, College Union, Entrepreneurship Development Club, and Readers Forum etc are actively conducting programs to improve skills among students. The students are encouraged to participate in government sponsored skill development programs like ASAP.</p>
<p>4. Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course):</p>	<p>Language education has been considered to be integral part of the education system. In the context of Indian Knowledge System based education, Indian Languages play a very crucial role. College has three language departments, out of these three, two of them are dealing with Indian languages, ie, Department of Malayalam & Sanskrit and Department of Hindi. College offers degree and post graduation programs in Malayalam and all the UG students have second language course ie malayalam/Hindi in 4 semesters. Students are taught Indian history, culture, literature, heritage, patriotism and nationalism through common, complementary, and core courses. Despite the restriction in the syllabus, the college always try to incorporate the Indian knowledge system into co-curricular activities in the best possible manner. College celebrate various days related to Indian languages and culture through conducting quiz competition, reading competitions, essay competition, cultural fest, conducting seminars etc.</p>
<p>5. Focus on Outcome based education (OBE):</p>	<p>Outcome-Based Education (OBE) is a student-centric teaching and learning methodology in which the course delivery, assessment are planned to achieve stated objectives and outcomes. It focuses on measuring student performance i.e. outcomes at different levels. Students are given clear objectives and regular evaluations of progress, and they receive personalized feedback on how well they have achieved those goals. The college follows the syllabus framed by Mahatma Gandhi University which is affiliated. The syllabus of the program itself explains the Course Outcome (CO). The college and departments formulate Program Outcome (PO), and Program Specific Outcome (PSO), and the same is</p>

	<p>shared with students and posted in the college website. The assessment and evaluation system determines the success of outcome-based education. College implemented OBE based evaluation during the academic year 2022-2023. IQAC organised Faculty Training Programme on “Moving towards NEP Implementation of OBE in Higher Education” for the smooth implementation of OBE in college. The sessions help to understand what is Outcome Based Education, Bloom’s Taxonomy, Question Paper setting based on OBE and Blooms Taxonomy, Understand to write Course Outcome to meet the selected subset of the programme Outcome and programme Specific outcome, Compute the attainment of POs, PSOs & COs. The assessment is designed to check whether the student attained learning outcome not merely memorising facts but also to achieve competencies and desired outcome.</p>
6. Distance education/online education:	<p>Due to covid-19 pandemic situation, the institution mostly prefer online learning platforms to meet the requirements for graduation. The College has implemented an LMS platform (https://snmcvirtual.online/) and the faculties pay attention to new teaching methods and tools in order to make online classrooms more participatory, interesting, and educational at the same time. The LMS platform provides online classes through ICT enhanced technologies and has structured modules of each course. Attendance, options of evaluation (tests, assignments etc), discussion forum, and feedback collection are main attractive features of the SNM virtual platform, where the student can easily access the content of the course any time anywhere. The efficacy of employing ICT to train teachers in the institution is important hence IQAC of the college were conducted various training programs for faculties during the year. Online education, the evaluation protocol is also a requirement as part of quality of assurance and to provide feedback for teaching and learning. The IQAC of the college has well maintained a proper evaluation/assessment method, that helps to evaluate student’s understanding and knowledge about the subject even if they having different abilities. Appropriate and effective utilization of online LMS platform are promoted in all teaching practices at the institute during the academic year. SNM College registered as</p>

local chapter of NPTEL-SWAYAM Courses and the students and teachers were encouraged to pursue online certificate courses offered by SWAYAM.

Institutional Initiatives for Electoral Literacy

<p>1. Whether Electoral Literacy Club (ELC) has been set up in the College?</p>	<p>Yes. The college has an Electoral Literacy Club (ELC) functioning with active student participation. Activities are conducted to create awareness among the students on significance of becoming a registered voter and importance of voting.</p>
<p>2. Whether students' co-ordinator and co-ordinating faculty members are appointed by the College and whether the ELCs are functional? Whether the ELCs are representative in character?</p>	<p>The ELC has a staff coordinator and student coordinators. All activities by the club are discussed and planned by the staff and student coordinators. The coordinators of ELCs have been appointed by the college, and they are; Student coordinators are: Ms. Aleena J and Yadhu Manas. Coordinating Faculty members: Ms. Jyothisna Pradeep, Asst Professor, Department of Politics, Ms. Saipriya Sudarsan, Assistant Professor, Dept of Economics. The college is committed to the goal of transforming the students as responsible citizens of the nation who uphold social and ethical values and the ideals of integrity, fair play, equality and justice. To achieve this, the college has initiated various programmes that strengthen the culture of electoral participation among young and future voters. These activities are carried out in association with District Election Office.</p>
<p>3. What innovative programmes and initiatives undertaken by the ELCs? These may include voluntary contribution by the students in electoral processes-participation in voter registration of students and communities where they come from, assisting district election administration in conduct of poll, voter awareness campaigns, promotion of ethical voting, enhancing participation of the under privileged sections of society especially transgender, commercial sex workers, disabled persons, senior citizens, etc.</p>	<p>Awareness talks, programmes and competitions are organised. Students were encouraged to participate in Voters Awareness Contest organised by SVEEP-ECI. National Voters Day Pledge was taken by students of the college. The major activities of the Electoral Literacy Club during the assessment period are: Observing National Voters' Day: National Voters' Day was observed on 25th January, 2023, Smt: Ambika (Tahsildar, Paravoor Thaluk), addressed the students and led the Voters' Day Pledge. The officers briefed the young voters about VVPAT, which was introduced during the Lok Sabha Elections. Voter ID - Aadhaar Card Linking Campaign: The initiative was taken by the Taluk office Paravur to link the Voter ID and Aadhaar card of students above the age</p>

	<p>of 18 in the college. The College Union Elections are conducted annually as per the recommendations of the Lyngdoh Committee Report, 2006. The students get initiated into every stage of the election process as the voters of these elections. The exercise gives the students a firm grounding in the democratic values that free and fair elections engender. The College has registered in Youth Parliament and various programmes have been conducted under the auspices of the club to spread awareness about the relevance of parliamentary mode of elections in strengthening democracy. The activities include debates, quizzes, and Mock Parliament Session etc.</p>
<p>4. Any socially relevant projects/initiatives taken by College in electoral related issues especially research projects, surveys, awareness drives, creating content, publications highlighting their contribution to advancing democratic values and participation in electoral processes, etc.</p>	<p>Electoral Literacy awareness classes and Competitions were conducted by the college during the period of Election. Awareness created through social media pages on significance of casting the vote. The Electoral Literacy Club coordinates with the District Electoral Office to create awareness on duty of a citizen to cast their votes. The faculty and staff of the institution have acted as electoral officer at the elections held for Kerala Legislative Assembly, Lok Sabha and Panchayath election. The Electoral Literacy Club of S.N.M College conducted a survey to gauge the awareness of the students about the democratic process of the country. 90percentage of the students responded to the survey. In the light of the findings of the ELC survey report, the college has decided to encourage students to enroll as voters. The ELC of the College gave awareness classes on elections and the electoral process. A demonstration of an electronic voting machine was used to explain the electoral process to the students. The ELC of the College successfully conducted a Constitutional Awareness Campaign in adopted village. Students of the college taught various topics regarding the Constitution of India including Preamble, Fundamental Rights and Duties. The campaign aimed at increasing the knowledge of the local community about the Constitution and promoting civic engagement. The classes were well received and the participants showed great enthusiasm in learning about their rights and responsibilities as citizens. The campaign was successful in creating awareness about the Constitution and the role it plays in shaping our democracy.</p>

yet to be enrolled as voters in the electoral roll . As part of its mandate, the Electoral Literacy Club (ELC) in our college has been actively working to create awareness among students about the election process and its importance. The coordinators and members of the club have been conducting various events, workshops and seminars to educate students about the voting process, the significance of their vote and the need to exercise their franchise. The National Voters Service Portal is a website provided by the Election Commission of India to provide citizens with information and services related to elections. The link of this portal is given on the college website for the convenience of students. The portal provides services such as online voter registration, correction of voter details and searching for the voters name on the electoral roll. It also provides information on electoral laws, procedures and frequently asked questions. Students are encouraged to use the portal to ensure that their voter details are up to date and to make the electoral process more accessible and efficient.

4. Quality Indicator Framework(QIF)

Criterion 1 - Curricular Aspects

1.1 Curricular Planning and Implementation

1.1.1

The Institution ensures effective curriculum planning and delivery through a well-planned and documented process including Academic calendar and conduct of continuous internal Assessment

Response:

The curriculum is set forth by Mahatma Gandhi University Kottayam, to which S.N.M. College is affiliated, has a well-defined planning and execution procedure for curriculum implementation. The institution creates and publishes an "Academic calendar" on its website prior to the start of every academic year, including all the curricular and co-curricular events.

Taking into account their expertise, knowledge, and preference in addition to their choices, the Heads of Departments (HoD) assign the course content (Theory & Practical) to the teaching faculty members. According to Blooms' Taxonomy, teachers create the Course Outcomes (CO) for each course and map them to the Programme Outcomes (PO) and Programme Specific Outcomes (PSO). Based on the credits given for each course, the department creates a timetable for theory, labs and projects, as well as the class time allocated for remedial classes and certificate courses. The teacher has a thorough lesson plan and study materials, previous year question papers, and laboratory manuals focusing on Outcome Based Education (OBE). The faculty conducts the course in accordance with the lesson plan. Assignments, seminars, group discussions, workshops, industrial visits, and industry-focused certification courses are offered in addition for the students to enhance their skills and fix the curriculum gap. Based on their ongoing internal evaluation, the teacher is able to identify the students who are slow and advanced in learning process. Slow learners receive additional help from remedial classes and counselling, while advanced students are urged to enroll in courses through SWAYAM/NPTEL, Coursera, edX, and other platforms to promote self-learning.

The following is a glimpse of Implementation Process

1. **Academic Calendar:** The institution adheres strictly to the Academic calendar and the IQAC, Principal monitors the efficient use of the calendar through formal meetings with HoDs and, as necessary, informal discussions with the faculty.
2. **Induction program and Bridge course** are offered to newly admitted students to fill the knowledge gaps.
3. **Workload Distribution:** The Heads of Departments conduct the meetings to distribute workload, allot course subjects, plan the activities of the department, and review the syllabus completion.
4. **Master - Department Time Table:** For proper implementation and the unhindered operation of class work, all departments generate time tables at the beginning of the semester, and all faculty members rigorously adhere to their own time tables. The timetables are posted on the notice board and the college website, respectively.
5. **Lesson Plan and Teaching Diary:** Each faculty member creates a teaching plan at the start of the academic year. They document their lectures and practicals in the teacher's diary. The IQAC

deploys HODs to perform periodic evaluations of the way that the curriculum is delivered.

6. **Curriculum Delivery:** Expert lectures, seminars, assignments, projects, industry visits, industrial training, internships, NPTEL lectures etc. are all used to supplement classroom instruction and ensure the effective implementation of the curriculum.

7. **Feedback System:** The College gathers feedback from the teachers, students, alumni, employers and parents and the suggestions needs to check for verification and add possible incorporation into the functionalities of the institute.

1.3 Curriculum Enrichment

1.3.1

Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability in transacting the Curriculum

Response:

The institution adheres to the university curriculum, and each programme has at least one subject that incorporates subjects like gender, environment, human values, or professional ethics.

Gender: Through academic and extracurricular activities, the institute has begun several promising initiatives to educate and promote gender equity among the stakeholders. The Institute is in favour of flexible seating arrangements in classrooms, equal participation of both genders in positions of leadership on class and college-level committees, as well as curricular and extracurricular activities. In addition to the aforementioned, the institute's NSS supports a number of awareness campaigns and initiatives with a particular focus on women's empowerment. A unisex toilet facility and a rest room are available at the institute. A wide range of community outreach undertakings, such as promoting gender equity, health and hygiene, and the protection of girls, are offered in addition to the certificate course on "Fundamentals of Gender Economics". Students' awareness of gender issues is aided by several extension programmes conducted both on college campuses and in adopted villages.

Environment and sustainability: *SAAKALYA*, a green initiative and best practice of S.N.M. College, stands as a powerful endeavour to preserve our planet and protect the environment through education. The N.S.S. and N.C.C. promote a number of environmental initiatives each year, such as tree planting, village clean-ups, plastic-free drives, waste management initiatives, etc. To raise awareness of nature, biodiversity, the environment, and sustainability, various events are organised by Bhoomithra Sena and

the Energy Conservation Club. The Botany Department has conducted environment-related activities such as Pokkali farming, restoration of mangroves, seed collection, and the Dashapushpam exhibition in the last academic year. The cleaning programme is set up to promote tourism in nearby locations as part of international day celebrations. The college has made an effort to participate in the Swachh Harat Mission, an initiative of the Government of India.

Human Values: A certificate course on value education is primarily a course on human values and is offered by the Department of Commerce. The college's NSS has organised a variety of social initiatives, including campaigns to raise awareness like road safety, voter registration, AIDS awareness, health and hygiene, medical camps, blood donation, orphanage visits, etc. The institution has an initiative for SDGs "*Zero hunger*" titled "*Pothichor*," which means rice bundle, since 2020—an initiative to support for the people who do not have safe, nutritious, and sufficient food in the nearby streets. "Swastha Balak-Balika Spardha" to promote the value of nutrition and good health is conducted every year as part of Zero Hunger.

Professional Ethics: The College incorporates professional ethics through a number of certificate courses in research methodology that focus on professional ethics-related topics in research methodology papers at the PG and UG levels. The institution is actively organising seminars, talks, and debates on professional ethics as well as technical topics, including human rights, intellectual property rights, information about security, and the cyber world. The ethics committee of the college stands for keeping ethical standards on par with any other higher education institute and has implemented a well-defined ethics policy.

The social commitment of the college is duly recognized by the Mahatma Gandhi University through awards like outstanding performance as NSS Programme Officer (2018-19), outstanding performance as NSS Volunteer (2018-2019) and Best NSS Female Volunteer (2021-22).

2.3 Teaching- Learning Process

2.3.1

Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences and teachers use ICT- enabled tools including online resources for effective teaching and learning process

Response:

Student centric methods

The institute adopt student centric methods by introducing experiential learning, participative learning and problem solving methodology by the following way.

Experiential Learning

Experiential learning involves actively engaging with real-world experiences, reflecting on those experiences, and applying the knowledge gained from them.

The students are equipped with experiential learning by the following activities.

- Paper presentations and student seminars
- Industrial Visit and field trips
- ASAP
- SSP
- WWS
- Skill acquisition programmes
- Extension programmes
- Mooc courses
- Certificate courses
- Laboratory works

Participative Learning

The students are equipped with participative learning by the following activities.

- Conferences/National Seminars/National Webinars
- Seminars
- Celebration of National and International days
- Workshops/Hands on Training
- Exhibitions
- Induction, Orientation and External mentoring programmes
- Peer teaching in bridge courses
- Discussions and Debates
- Extension activities and Community Enrichment Programme
- Newsletters
- Group Assignments

Problem Solving Methodology

The students are equipped with problem solving skills by the following activities.

- Internships
- Quiz programmes
- Extension activities

- Student projects

ICT enabled Teaching Learning Process

SNMC Virtual Campus

SNMC virtual campus (<https://snmcvirtual.online>) is the LMS platform of our college. This moodle page acts as a highly supporting system to our academic system. The website consists of structured course pages for UG and PG programmes. The course pages consists of video lectures for the topics in the syllabus which act as a video repository to all the students.

Besides acting as a support system,snmcvirtual also acts as an assessment tool in the evaluation process. Students are given assignments,quizzes and test papers in descriptive mode using the platform. In addition to this, our moodle platform acted as an efficient system in teaching and learning process during the covid times. Also we were able to conduct several co curricular activities through the system to an extent.

Google Classroom

Google classrooms are also used as a supplementary system in addition to virtual platform for giving online resources to students.

Youtube Channel

Youtube channels are another effective tool for providing online resources. Faculty of SNM college have several e contents developed in this platform.

Online Platforms-Google Meet,Zoom

Online platforms like Google meet and Zoom platforms were used for conducting online sessions. This platform together with SNMC virtual helped us to monitor the attendane of the class in an effective way.

OBS recordings of Classes

Recordings of classes were also done in covid times which helped the students to compensate the claases in case of internet unavailability.

Amrita Virtual Lab

S.N.M. College is one of the Nodal centres of the Amrita virtual Lab which provides students a simulated environment where they can conduct experiments and learn about scientific concepts without the constraints of the physical lab.

E contents developed

We have an online video repository which consists of more than 4500 video lectures which is made available to students through SNMC virtual.

2.5 Evaluation Process and Reforms

2.5.1

Mechanism of internal/ external assessment is transparent and the grievance redressal system is time- bound and efficient

Response:

Conduct of Internal Examinations

IQAC creates the academic calendar for the Institute while taking into account the rules set forth by the University, which cover all activities including the execution of Continuous Internal Evaluation (CIE).

Components of the CIE system:

- The preparation of the question paper and scheme, which is done by the corresponding faculty , is based on the percentage of the syllabus covered.
- The Department Head reviews and approves the question paper. To ensure a smooth CIE, printed test questions are given to the internal examination cell.
- All faculty members and students will then be given access to the internal assessment timetable and evaluation scheme that the college has prepared.
- During the orientation programme which is conducted at the beginning of the academic year ,the students are informed about the evaluation procedures and the format of the examination questions.
- Once the examination is conducted , papers are evaluated and the faculty in charge calculates the CO-PO attainment of each student.

Grievance Redressal Mechanism existing in the Institute related to Internal Assessment

A transparent, time-bound and efficient method is being followed at S.N.M College in the conduct of

internal examinations. The procedures we adopt to have an efficient grievance redressal system is as follows.

- The internal examination date is announced in a timely manner, so that students have enough time to prepare for the concerned subject.
- After the examination, the answer sheets are collected and valued by the concerned teacher.
- Students are handed the graded answer sheets in class, and if necessary, the faculty takes up specific complaints with a student on the paper.
- The average scores from assessments are computed and confirmed with the students at the conclusion of the semester by displaying the marklist in the notice board.
- A meeting is also conducted after publishing the marklist of internal assessment to rule out any grievances from the students. Any discrepancies in the assessment method raised by the students are properly addressed and rectified.
- Apart from the departmental meetings, there is also a 24 x 7 grievance system in the institute, which allows students to lodge their complaints immediately if they have any issues with the evaluation of an answer sheet. The complaints made are documented, and appropriate action is taken to address the problem

2.6 Student Performance and Learning Outcomes

2.6.1

Programme Outcomes (POs) and Course Outcomes (COs) for all Programmes offered by the institution are stated and displayed on website

Response:

- Programme Outcomes (PO) were formulated on the basis of the UGC guidelines on graduate attributes.
- While formulating POs, the College considered academic excellence, scope of extension activities, human values, livelihood generation, recent trends in the job markets and vision and mission of the college.
- Teachers who handle various courses explain course outcomes and relate such outcomes to POs and PSOs while introducing the course at the beginning of a semester.
- Programme and Course outcomes are also displayed through the College website and soft copies of syllabus with PSOs and COs are shared with the students through Moodle (snmcvirtual).
- The parents are also made aware of these outcomes through orientation programme and parent-teacher meetings. Timely revision of the outcomes is done as per the changes introduced in the

syllabus by the affiliated University.

2.6.2

Attainment of POs and COs are evaluated.

Explain with evidence in a maximum of 500 words

Response:

Attainment of Programme outcomes and course outcomes of different courses were evaluated by the Institution as follows before the implementation of evaluation of programme and course outcomes.

Arts Subjects

- Students are given examinations and assignments regularly to assess their potential in the corresponding programme and course outcomes.
- To envisage in them critical and presentation skills different learning processes are provided.
- Seminars, group discussions, debates, cultural related programmes are conducted by the department for the fruitful completion of their course.
- Study tours
- Literature related programmes
- Ethics and values related programmes

Commerce

- Evaluating through Presentation
- Knowledge of finance and commerce can be identified through seminars and viva
- Conducting examinations
- Giving assignments
- Conducting lab exams for those papers which have practical labs
- Evaluating through dissertation and viva .

Science

- Examinations
- Assignment
- Project work
- Field study
- Laboratory work

In the last year as part of NEP, we had implemented outcome based education.

PO-CO-PSO Mapping

The Course Outcomes (COs) are mapped with the respective Programme Outcomes (POs) and Programme Specific Outcomes (PSOs). The PO, PSO, and COs specified for each course serve as the basis for setting up of continuous internal assessment.

Course Attainment

The course outcomes reflect different cognitive levels of each course. The direct assessment methods such as internal exams, assignment, quizzes, seminars etc are the part of CIE. The question paper for the internal exam is done on the basis of Revised Bloom's Taxonomy. To calculate the examination attainment levels of the courses, the threshold value of 70 percent of students getting 35 percent of marks weighted as 3, 50 percent of students getting 35 percent of marks as 2 and 35 above percent of students getting 35 percent of marks as 1 for Continuous Internal Assessment. In the indirect method, the Course Outcomes with Programme Outcomes and Programme Specific Outcomes will be validated through a feedback mechanism.

- After the implementation, the evaluation of course attainment is done by direct and indirect methods.
- The PO, PSO, and COs specified for each course serve as the basis for setting up the continuous internal assessment.
- For all of its academic programmes, the institution explicitly outlines POs and COs, which are published on the institute website. The course outcomes reflect different cognitive levels of each course.
- The direct assessment methods such as internal exams, assignment, quizzes, seminars etc are the part of CIE.
- The question paper for internal exam is done on the basis of Revised Bloom's Taxonomy.
- In the indirect method, the Course Outcomes with Programme Outcomes and Programme Specific Outcomes will be validated through feedback mechanism.

Course Attainment = 80% from direct method + 20% from indirect method

3.4 Extension Activities**3.4.1**

Outcomes of Extension activities in the neighborhood community in terms of impact and sensitizing the students to social issues for their holistic development during the last five years.

Response:

All the departments and supporting units of the institution take up the extension activities in a fruitful manner. Majority extension activities are based on human values, awareness programmes like antidrug campaign, awareness on location-based conservation strategies (restoration of mangrove ecosystem), gender related issues etc.

- NSS volunteers and NCC cadets are actively involved in social welfare and community service. NSS unit of the institution initiated a longterm programme – **Pothichoru**- an initiative to achieve SDG – Zero Hunger goal in collaboration with non-profitable organization **Karuthal** with an aim to serve poor and needy people of the Kodungallur Municipality of Thrissur District. As a part of

it, every Wednesday, volunteers distribute around 50 packets (pothichoru) of lunch collected from different department of the college.

- Volunteers of NSS unit, members of Bhoomithrasena club and Department of Botany along with MSSRF, Wayanad, took part in **indigenous Pokkali rice cultivation** practices at Nayarambalam, Ernakulam District.
- Department of Botany actively involved in **Mangrove restoration practices in adopted village** of Ward 1 and 2 at Vadakkekara Panchayath.
- Entrepreneurship Development club of the college conducted seminar to develop **entrepreneurial skills among women of 15 Kudumbasree units** of the nearby villages and created awareness on different enterprises a women can start with low cost and training.
- NCC cadets took initiation of a programme – **Suchitha Theeram, Surakshitha Samudram** cleaning awareness program to ensure cleanliness of the seashores and ocean especially at Kuzhupully, Vypin, Malippuram and Cherai of Ernakulam District.
- The NSS volunteers of SNM College carried out cleaning work in Malappuram, Nilambur to provide assistance and support to the individuals and families affected by the **landslide disaster**. Volunteers dedicated significant time and effort to the cleanup work which included the removal of debris, mud, and silt from affected homes and public areas. Through their efforts in cleaning the muddy houses, the volunteers played a crucial role in restoring the living conditions of the affected residents.
- The **Medical Survey** conducted by NSS in the adopted village of SNM College provided data on the health needs and issues faced by the community in Ward 1 & 2, serving as a foundational resource for future healthcare initiatives and interventions.
- The Department of Zoology of SNM College took an initiative with the **Kudumbasree units for cloth mask making**. Masks were distributed by the students to various wards in and around the college.
- NSS volunteers and NCC cadets were actively involved in the **COVID-19 vaccination Drive** organized by Vadakkekara GramaPanchayath, in collaboration with Moothakunnam Primary Health Center.
- Department of English regularly conducts **Communicative English class for school students** in the adopted village. Student trainers of the department were given the duty of providing **Basic English Sessions** for Primary pupils in the neighboring schools. The trainees then, with the permission of concerned authorities, presented themselves as young teachers in SNMLPS, Maliankara, every week for nearly three month.
- **Sauhrida Santhwanam**- financial help from PTA to poor students of the college and the neighbouring institutions or their close relatives who are suffering from life threatening diseases or chronic illness.

4.2 Library as a Learning Resource

4.2.1

Library is automated with digital facilities using Integrated Library Management System (ILMS), adequate subscriptions to e-resources and journals are made. The library is optimally used by the faculty and students

Response:

The open library at SNM College, Maliankara, has a seating capacity of 40 and 28250 accessible books. The library is fully automated with Fiber optics and Wi-Fi, and it has ICT resources with Inlibnet. A new program called KOHA was installed in ILMS Software in order to update the library's capabilities. KOHA provides a very user-friendly interface for browsing the library's books and tracking the status of their issues. By author name, title, subject, and other keywords, users on campus can conduct searches in the library's online catalogue. During the operations of issuance and return to the library for the stakeholders, all books, CDs, and projects are equipped with barcode stickers for automatic scanning. It allows for better and more effective user service while also offering browser-based access options. Currently, the college library is using KOHA version 21.05.04.000. To make the most of the library's resources, the online public access catalogue is available. Through N-LIST, the library gives users access to more than 30 lakhs E-books and E-journals. Users are given login credentials to access UGC INFLIBNET-N-LIST materials and e-books via PC or mobile. The digital library is created using DSpace. University question papers of previous years, college magazines, e-books, and Ph.D. theses of the faculty can be accessed using this facility. There are 20 computers with internet access for students and researchers in the library's browsing area. The Library has an independent internet connection with a bandwidth of 200Mbps. The library has distinct reading sections for research, magazines, rare books, newspapers, doctorate thesis, journals, and career assistance lending materials. The books are classified and arranged in the stack according to the 23rd edition of Dewey Decimal Classification System. It also has access to audiovisual equipment and security CCTV. On demand, the library's resources are also

made available to students from other institutions. Rules and guidelines for using library resources are posted on the college website. For best use, regular software and hardware upgrades are done as needed. The library has its own binding unit to restore damaged books. The library receives daily visits from 120 students on average. Recently, library is equipped with Radio Frequency Identification (RFID) Technology Enabled Gate Register to record the log in details of the users. On all working days, the library is open from 9:30 a.m. to 5:00 p.m. with extended hours on holidays. The library committee, which is chosen by the college, sets the standards for its operations and services. Regular stock updates, need-based maintenance, and daily cleaning are all done for the library.

The Library functions under different sections:

- Arts
- Science
- Reference
- Reprographic
- Newspaper reading
- Research section
- Periodicals & journals
- Digital Library
- Technical

Resources available in Library

- Books - 28250

4.3 IT Infrastructure

4.3.1

Institution frequently updates its IT facilities and provides sufficient bandwidth for internet connection

Describe IT facilities including Wi-Fi with date and nature of updation, available internet bandwidth within a maximum of 500 words

Response:

SNM College Maliankara, recognizes the value of IT resources in higher education and makes numerous steps to enhance the necessary infrastructure. The college has an IT policy that is clear and focused on its objectives. The goal of the policy is to give all stakeholders continuous IT services so they can do their duties effectively. This has had a significant impact on the college's progress in a number of areas, especially for advanced level teaching-learning processes and research. 49 CCTV cameras are installed on the campus, ensuring the vigilance and personal protection of the students, teachers, and other stakeholders. College have 194 computers, 2 computer labs, 5 mini computer lab and a language lab. With bandwidths of 300 Mbps, the institution also has three Internet connections on its campus. 13 ICT-enabled classrooms are available in order to improve teaching and learning. All teachers have their own laptops to enhance the ICT enabled teaching-learning process. The college offers a helping hand for deserving students during the covid pandemic by providing internet enabled smartphones. Internet speed has been increased from 10Mbps to 300 Mbps during the last five years. High speed Internet facility, provided by BSNL and Asianet, connects all the systems of the college with the internet for academic as well as administrative purposes. The library is well equipped with KOHA (an automated Integrated Library Management System) and Web OPAC. Digital library facility is also available for accessing e-resources. The college library has subscription of e-books and e-journals via INFLIBNET and DELNET. Recently, library is equipped with Radio Frequency Identification (RFID) Technology Enabled Gate Register to record the log in details of the users. The college also has a dynamic website which is updated on a regular basis.

Criterion 6 - Governance, Leadership and Management

6.1 Institutional Vision and Leadership

6.1.1

The institutional governance and leadership are in accordance with the vision and mission of the Institution and it is visible in various institutional practices such as NEP implementation, sustained institutional growth, decentralization, participation in the institutional governance and in their short term and long term Institutional Perspective Plan.

Response:

SNM College adheres to the vision of the great social reformer Sree Narayana Guru, to liberate the weak and the oppressed of the society through education and to teach them to stand and work together to attain excellence in their own and their fellow men's life. The college follows the mission to shape a generation of socially committed youth to work enthusiastically for social reconstruction. Our thrust is on the creation of a vibrant youth who will be an asset to the society to work together in rhythm to attain social goals of liberty and equality. The college, a citadel of knowledge with Guru's vision and ideology, designed with the view to impart value education to the student community. Our institution emphasizes the objective of "Education to All; without discrimination". College Management under HMDP Sabha works out an efficient dissemination of administrative and academic duties in the college. Principal, the Head of the institution, regularly convenes the meeting of staff council, Internal Quality Assurance Cell, teaching and nonteaching office staffs. The clubs and cells of the institution triggers opportunities for our students to take their academic ventures beyond classrooms and the college campus and ensures the overall development of our students socially and culturally. The Sree Narayana Study and Research Centre, an organization propagates the morals and the values of the great reformer Sree Narayana Guru who fought against the caste structure prevalent in the society and led to the upliftment of the socially backward community of the area. The organization offers certificate courses on the social relevance of the teachings of the great reformer, who transformed the social setting of Kerala.

The institution has a decentralized form of administration with the discussions at the management level, college council and departmental level decisions. The tutorial system enables the tutors to communicate the information or the decisions to students. An operation manual has been drafted which incorporates the roles and responsibilities of various cells and committees, which calls for participative governance and leadership system. The institutional strategic plan categorizes the long term and short term goals to be attained.

SNM College incorporates the NEP 2020 guidelines to prepare the institution to implement National Education Policy. The college took initiatives to spread the awareness and knowledge about NEP implementation; pamphlets of "National Education Policy 2020" were distributed to various stakeholders. The college is published the curriculum and credit framework of undergraduate programs and National Education policy in its website. The IQAC has organised faculty program on "Moving towards NEP and implementation of OBE system in Higher Education"

As part of preparedness of NEP, the college promote Multidisciplinary education where students can choose an open course from different fields of science and arts subject without any barrier in the fifth semester. There are certificate courses offering at the institute which focus on multidisciplinary aspects in

higher education. Eminent resource persons and academicians entrepreneurs are invited to college to deliver talk/seminars etc. The college has conducted a multidisciplinary international conference in the academic year 2022. To promote research activities in multidisciplinary topics, the institute has its own international journal with ISSN number titled "Journal of current studies".

6.2 Strategy Development and Deployment

6.2.1

The institutional perspective plan is effectively deployed and functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment, service rules, and procedures, etc

Response:

The institution's focus is on providing young people from all social strata with a holistic education and helping them acquire employable skills and other life skills. The institute's vision, mission, fundamental values, long- and short-term goals are all included in the first section of the document. The institutional goals were established in all potential growth domains following an analysis of the internal and external environments through constant reflection and conversation with HODs and faculty members. Our strategic planning process is ongoing, with a particular focus on achieving institutional objectives in this cutthroat environment. Strategic planning and deployment considers the direction that the company should move in order to attain its stated goals and objectives based on a review of present barriers and potential future opportunities.

Strategic planning process envisions a steady progress of our institution in this scenario of competitiveness. We emphasize the vision of the **Great Social Reformer Sree Narayana Guru**, who transformed the lives of the community, suppressed by the societal norms and regulations through education. The institution resumed its journey with Sree Narayana Guru's vision of "**Liberation through Education and Empowerment through Organisation**" and upholds it in the journey forward to carve out a generation of responsible, enthusiastic and self-reliant youth of tomorrow. Vision 2035, the ten-year plan of the institution envisages the following :

1. Governance and Integration
2. Academic Excellence in all areas
3. Research and Innovation
4. Collaborations

5. Global perspectives
6. Capacity Building strategies
7. Self Reliance
8. Infrastructural Development
9. Holistic development
10. Sustainability
11. Branding and communication

The college handles the elements of the permanent teaching and nonteaching staff of the institution in accordance with the Kerala Service Rules, MG University statutes and UGC rules. It follows an open and transparent system in hiring the teaching and the non teaching faculty. At the conclusion of each academic year, recruitment of teaching, non-teaching, and office support employees are planned after taking into account the requirements for the upcoming academic year. The college fills open positions of the permanent teaching faculty in accordance with government regulations, University by-laws, and UGC standards. College employs teachers on contract basis in accordance with a carefully crafted recruitment policy. Office management and non-teaching employees of the college are hired on permanent basis in accordance with Government and University regulations; those hired on a contract basis are appointed formally in accordance with procedures followed by the college in cooperation with governmental requirements. Promotional policies and salary increment for permanent teaching, non-teaching and office staff are based on Government and Statutory Rules, while those employed under a contract basis are subject to policies established by the college management, which includes self-appraisal system used by the college teaching and non teaching faculty for a self assessment of their performance which helps them to improve the teaching-Learning and administrative process of the institution.

7.2 Best Practices

7.2.1

Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual

Response:

Best Practice I:

TITLE OF THE PRACTICE: *VILLAGE ADOPTION PROGRAMME* (Gramodharanam Kalalayavidyarthikaliloode)

The Village Adoption Programme, a heartfelt initiative undertaken by SNM College, Maliankara as part of its commitment to foster community development and sustainable growth, as the institution firmly believes in extending its educational prowess beyond the classroom walls to create a positive and lasting impact on the society. The programme was initiated as a proactive response to address multifaceted societal and environmental challenges while embracing the principles of the Sustainable Development Goals (SDGs) set forth by the United Nations.

THE OBJECTIVE:

The Programme aims to collaborate with and support the adopted village to uplift its residents through education, healthcare, skill development, and overall well-being.

THE CONTEXT:

‘Village Adoption’ helps to have regular development engagement with rural community.

THE PRACTICE:

A phased implementation plan was followed to achieve tangible outcomes and ensure sustainability. Some of the programmes as part of the Village Adoption Programme in alignment with the SDGs are as follows:

SDG 1 NO POVERTY and SDG 2 ZERO HUNGER

“Pothichoru” (distribution of food packets every Wednesday)

Financial aid to the families of fifty Covid 19 victims

SDG 3 GOOD HEALTH AND WELL BEING

Door-to-door campaign about social welfare schemes, RTI and environmental protection

Palliative Care Campus Unit

Awareness Programmes

Medical Camps

Covid 19 Vaccination Camp

Mask Distribution Programmes

Distribution of Medical Diagnostic Kits

Anti-Drug Campaign

Donation of PPE kits, N-95 masks, and sanitizer

SDG 4 QUALITY EDUCATION

English in Daily Life

Thettillatha Malayalam, Then Malayalam

Digital Literacy Mission

Contributions to primary school students

SDG 5 GENDER EQUALITY

Survey to the socio-economic conditions of women

Distributing vegetable saplings to members of Ayalkoottams (women's group)

Effective mobile usage training to the Kudumbasrees women

Workshop on Soap making for women

Investment Awareness on Post Office Savings

SDG 6 CLEAN WATER AND SANITATION

Awareness Classes

SDG 17 PARTNERSHIP FOR THE GOALS

Collaboration with the local self-government, The Advanced Centre for Atmospheric Radar Research, CUSAT, Krishibhavan, Postal department, Rotary Club etc

EVIDENCE OF SUCCESS:

The consistent positive feedback from community members, combined with the demonstrated improvements in key aspects of their lives, underscores the success of the village adoption programme in adhering to the SDGs and bringing about sustainable change.

- Successful flourishing of 35% of the mangrove saplings

- Distributions of Protection Kits (PPE Kits), Sanitizer and masks were the need of the hour.
- Digital Literacy Mission gave digital knowledge
- Around 200 villagers were benefited by the Medical Camp
- Various awareness programmes were done for the villagers which benefitted them in multiple ways.
- Haritha Karma Sena of the NSS Unit ensures to celebrate the Moothakunnam Temple festival following green protocol.

Problems Encountered and Resources Required

- Lack of sufficient time to conduct activities due to the semester system.
- Lack of financial aids

- Varying community expectations
- Lack of local collaborations

Best Practice II:

Title of the Practice: SAAKALYA

A GREEN INITIATIVE OF S.N.M COLLEGE, MALIANKARA TO SAVE OUR EARTH & PROTECT ENVIRONMENT

The Context:

As a Higher Education Institution, the college recognizes its pivotal role in promoting environmental protection activities and fostering a sustainable ecosystem, contributing to the well-being of all life forms on our planet.

Objectives :

- To create an environmentally friendly, sustainable campus.

- To spread the notion of environmentally friendly lifestyle to the surrounding community and wherever applicable.

- To enlighten them about the changes in the environment in the last decade and the consequences of their present actions

- **The Practice:**

- SAAKALYA unfolds itself through five ways

I. Incorporating Sustainability into the Curriculum

- All graduate students mandatorily study a paper on environmental science

- Botany and Zoology departments deals with environmental related courses
- MOOC course on Organic Farming provided by the affiliated university
- Eight Certificate Courses regarding environment and sustainability
- The faculty encourages students to undertake projects and dissertations on environment and sustainability

II. Co-Curricular Ways to Increase Environmental Sustainability in Education

Includes Talks, Awareness Classes, Exhibitions, National and International Seminars, Commemorating Important Days by conducting competitions and campus cleaning drives. Ninety two programs were conducted inside the campus. Seven programs were organised in related to Energy conservation under the guidance of Energy Conservation Club.

III. Community Engagements

SAAKALYA has executed 53 outreach programmes to nearby communities. These activities include tree planting, awareness campaigns, teaching eco-friendly entrepreneurship, organizing clean-up drives, and promoting environmental protection awareness under the hand of NSS, NCC, Village adoption cell and Boomithrasena Club etc.

IV. Research

7.3 Institutional Distinctiveness

7.3.1

Portray the performance of the Institution in one area distinctive to its priority and thrust within 1000 words

Response:

Empowerment of Backward community through Value Education

S.N.M. College, Maliankara, established in 1964, stands as a beacon of hope and enlightenment in the coastal belt of Kerala, guided by the profound vision of the great social reformer Sree Narayana Guru. For nearly six decades, the institution has dedicated itself to the noble cause of societal elevation, extending its educational outreach to individuals regardless of their social and economic status, age, or gender. The primary objective has always been the empowerment and advancement of the underprivileged and marginalized communities in this region. About 95.7% of students of the college are from economically backward families and first-generation learners. The college always tries to provide quality education to them and helps to progress economically.

S.N.M College proudly serves as one of the backward community colleges within the Mahatma Gandhi University, Kottayam. The diversity found among its student body, which comprises individuals hailing from families engaged in coir making and fishing. Effective learning is facilitated at the institution through student-centered education using suitable approaches including interactive instruction, experiential learning, and collaborative learning modalities. With ICT enabling technologies like Learning Management Systems (LMS), the institution may give excellent teaching that is more specific, innovative, and dynamic. The college is also working to promote the cultural and educational uplift of economically and socially disadvantaged sections of the student population. This amalgamation of religious, cultural, and socio-economic backgrounds creates a vibrant and multifaceted campus community.

Academic Empowerment

In college curriculum, teaching, research, and development are the three main pillars. Each student must make deliberate, ongoing efforts to become academically brilliant. The LMS Moodle system, ICT-enabled courses and smart classrooms, along with traditional teaching methods, have been introduced in an effort to make learning more student-centered. Compared to previous academic years, our college's research departments Botany and Chemistry have significantly improved the research environment. There are six research guides and to strengthen the research culture amidst students and UG, PG students were encouraged to undergo projects and internships. Students at our college are required to wear uniforms, which promotes pride and cohesion, lessens peer pressure, and significantly enhances teamwork and spirit. Without exception, we uphold transparency in all of our academic and extracurricular endeavors. Exams are administered both internally and externally with the utmost honesty. Students are routinely educated on moral behavior and honesty during exams, other activities, and the repercussions of their errors. This instilled a feeling of accountability in them and almost eliminated any current instances of unethical behavior during exams. Students' ethnicity is given priority and festivals of multi-culture are being celebrated at the institute.

Spiritual empowerment

Sree Narayana Study center of the college working to impart knowledge with Guru's vision and ideology, designed with the view to impart value education to the student community. Sree Narayana Study and Research Centre at the college was established in 1996 with the aim of fostering the total development of the students. Since 2013, value-based seminars, contests, and certificate courses have been held for the students. The goal of the certificate programme is to introduce students and society to Narayana Guru's vision, life, and deeds in order to promote social upliftment. Realising the current relevance of Narayana Gurudarshan led to the beginning of it with a wider perspective on social benefits.

The organization's mission is to elevate society via education by including the general public in the pursuit of knowledge. Value-based seminars, various competitions and guru jayanthi celebrations etc have been conducted from the year 2013 onwards. The center offers a certificate course on “ Sree Narayana Guru: Life and Mission” and also takes initiatives in providing an inclusive environment towards cultural, regional and linguistic harmony in the campus.

Physical Empowerment

Recognizing the importance of a healthy body for a healthy mind, the college prioritizes physical fitness and well-being. College provides ample opportunities for sports, fitness activities, and recreational pursuits. Through sportsmanship and teamwork, students not only develop physical strength but also valuable life skills such as discipline, resilience, and leadership. The NSS/NCC/Sports units that work to cultivate in students a sense of civic responsibility, strong leadership skills, and a solid moral character. Physical education has been effectively included into the college's academic programme. It acknowledges the value of holistic education, which includes both mental and physical health. In terms of physical fitness, the institution provides both open courses and credential programmes. The department is conducting a variety of students participating in sports to improve their physical fitness and sportsmanship. Every year, the institution conducts various sporting events for the students, including throwball, volleyball and badminton. The institution observes International Yoga Day each year to promote regular activity

Socially responsible Citizen

SNM College Maliankara implemented the village adoption programme to equip and familiarize the students and faculties with the socio-economic dimensions of the rural community and to make the students more socially responsible. It is the obligation of every institution to upbringing their students by giving them a chance to experience the reality of the society.

5. CONCLUSION

Additional Information :

S.N.M. College, Maliankara, was started in 1964 with the objective of all-round growth of the students. The college is to spread the vision, life, and works of Narayana Guru to the students and society and thereby enabling social upliftment. It was started with broader view of benefits for the society by realizing the contemporary relevance of Narayana Gurudarshan. The organisation stands for the purpose of bringing about social upliftment through students by including the common man in the field of knowledge.

Concluding Remarks :

“Enlightenment Through Education; liberate the weak and the oppressed of the society through education and teach them to stand together and work together to attain excellence in their own and their fellow men’s live ”; these words of Sree Narayana Guru are integrated in the vision of SNM College Maliankara. Our authentic and value oriented teaching-learning process aims to prepare our student community to become a socially committed citizen. We as a team, constantly thrive to set new standards in education and envision the holistic development of each and every student in our institution. We also nurture and prepare our students towards academic and cultural excellence and mould them to become better human beings who are competent, responsible and mature individuals with strong character.

At present, the institution has 59 Years Experience in Higher Education with 13 UG Programmes, 8 PG Programmes, One Integrated Programme and 2 Research Centers. SNMC is a RUSA Funded Institution having internationally recognized Herbaria, University Ranks, Research Labs, DST-FIST Funded Departments, Unique LMS- SNMC Virtual (MOODLE) and students maintaining supremacy in NCC, NSS, Sports and cultural events at Inter University level in Kerala.

One of the remarkable aspects of our mission is its commitment to provide access in higher education for backward sections of society. A significant proportion of the student body, around 95.7%, is from a backward community. These students, often faced with social, geographic, and financial challenges, S.N.M College is a lifeline to a brighter future. Through a holistic approach to education at the college, institution strives to nurture intellectually competent, morally upright, spiritually inspired and socially committed citizens.
